
Diocesan Apportionment Resolution

Resolved, that for the calendar year 2006 any member of a parish, mission, or congregation may elect in writing not to have any portion of his or her pledge paid from the Diocese for the benefit of the Domestic and Foreign Missionary Society (DFMS). Notice of such election shall be made in writing on or before January 15, 2006, to the parish, mission, or congregation. On or before January 30, 2006, the parish, mission, or congregation shall notify the Diocese of the total amount of such elections.

The apportionment payable to the Diocese shall not be affected by this resolution; however, the amount payable by the Diocese to the DFMS shall be reduced by the total amount of such elections reported (the "redirected funds") by a parish, mission, or congregation. The redirected funds shall be placed in the Surplus and Deferred Expenditure Account of the Diocese to be allocated by the Executive Council to areas of mission or outreach. Fifty percent of the redirected funds will be used within the Diocese with the other fifty percent used outside the Diocese.
